

HOOD'S BRIGADE TO MEET IN BRYAN AGAIN IN 1922

Captain Walsh and Capt. Roberts Re-elected President and Vice-President—Miss Daffan, Life Secretary—Reunion for 1921 Closes With Rotary Luncheon Wednesday Noon.

In the official proceedings of Hood's Texas Brigade at Galveston in 1874 the following appears: "General Robert E. Lee always cherished this noble and splendid achievement of the Texas troops at the wilderness; and when in 1864 a consolidation of the army of Northern Virginia, was effected, by special orders from Lee the esprit du corps of the Hood's Texas Brigade remained untouched—in token, no doubt, of their magnificent services. The history of the Brigade from the Wilderness down to Appomattox was one continued round of victory. They participated in the actions of Spottsylvania, Cold Harbor, Petersburg and the series of battles around Richmond in the fall and winter of 1864, and never once displayed but the highest order of courage and military bearing. Their record is a most glorious one; and though Fate decreed that at Appomattox they should stack arms before the overwhelming hordes which a world could furnish their enemy, impartial history will reveal the fact that the Army of North Virginia, under Robert Lee, for deeds of valor and patient endurance, has no superior record in its annals. And the Texas Brigade wears in its chapter one of the brightest roses that decorate its memory. The three Texas regiments in this historic brigade numbered at the beginning of the war some 3,000 men. They possibly received accessions afterwards to the amount of 1,200 more—which makes the entire strength of the force employed foot up about 4,200 strong. The brigade, all told, must have participated in between thirty and forty pitched battles and minor skirmishes, in nine of which each separate regiment composing it lost in killed during the entire war some 1,200 officers and men, and almost every man in it was wounded—many of them several times. Impartial history will record no greater and grander record than the achievements against overwhelming odds at Gettysburg and Sharpsburg. No grander or more glorious soldiers ever lived to wear the uniform of the South and their deeds of valor have no superior in the world's martial history."

ROTARY LUNCHEON CLOSING BRIGADE FOR 1921.

The Bryan Rotary Club with President T. K. Lawrence and Chairman Oak McKenzie, of the Entertainment Committee, in charge gave the members of Hood's Texas Brigade a closing luncheon and entertainment at 12:30 Wednesday which proved to be a great event. There were songs and music in addition to a splendid menu at the St. Andrew's Parish House. Chairman McKenzie introduced Lee J. Rountree who extended welcome to the old soldiers. Mrs. M. W. Sims gave some splendid history of Gen. Jno. B. Hood. Miss Katie Daffan, of Houston, proposed a brilliant toast to the Bryan Rotary Club. Dr. W. B. Bizzell, president of A. & M. College, paid a splendid tribute to the heroism and patriotism of the men who followed Lee and Hood in the 60's. "The Rotary Luncheon," said J. O. BRYAN MEETING PLACE FOR 1922 REUNION

The Wednesday morning session of Hood's First Texas Brigade reunion was called to order by Capt. W. C. Walsh, of Austin, the president, and prayer was offered by Rev. W. E. Copeland, of Rockdale, the chaplain. Miss Daffan, the Life Secretary, read a number of telegram and letters from absent members. C. pt. W. C. Walsh, of Austin, was re-elected president and Jno. H. Roberts of Arcadia, vice president, by a unanimous vote.

Bryan was unanimously selected as the 1922 reunion place, not a vote being cast in the negative. San Antonio and Alto having been placed in nomination were withdrawn by H. W. Berryman, of Alto, and M. M. Fitzgerald, of San Antonio. The invitation was extended for Bryan by Chairman Oak McKenzie, Lee J. Rountree, Judge W. C. Davis and P. H. Dawson and Mrs. A. J. Buchanan for the daughters of the Confederacy. Mr. McKenzie, Mr. Moore, Judge Davis and Mrs. Buchanan made eloquent and appropriate speeches for Bryan for not only the 1922 reunion but for the permanent home of Hood's Brigade. Capt. J. K. P. Hanna, of Calvert; J. O. Bradfield, of Austin; Jno. H. Roberts, of Arcadia; J. J. Hall, of Streetman, spoke for Bryan. In favoring Bryan Comrade Bradfield said when he got to heaven and did not find the glories just right he "would ask St. Peter to give him a return ticket to Bryan the best town on earth to Hood's Brigade." (Applause).

Capt. Walsh and Miss Daffan spoke along the lines of a permanent home for the Brigade. Mrs. J. W. Barry, of Navasota, said she hoped Bryan would not be made the permanent home until Navasota had one more chance to invite the Brigade to come there. After a general discussion the matter of a permanent meeting place went over and every old soldier agreed to be here again in 1922. It developed during the speech of Judge Davis that while there was no member of Hood's Brigade living in Bryan now that three slept in the silent "city of the dead"—J. S. Mooring, James Astin and Judge Wm. Britz. During the morning session Miss Daffan, who is always thoughtful on all occasions, mentioned the fact that during the past three years she had been interested in the details of the reunions at Bryan and had found the three chairmen, George A. Adams, Jno. A. Moore, Jr., and Oak McKenzie, always ready to respond to any reasonable request she had made and thanked them for their good work and assistance.

Tuesday Afternoon Session

Promptly at 2 o'clock the Tuesday afternoon session was called to order by President Walsh and it was one of the most important because each member of the Brigade was called on to give his own experiences in the war and to establish the true history of the Brigade. Many facts were made known that have never been written and it is through these reunions that the sons, daughters and grand children of the old Veterans can receive from them the facts and give to the future generations the true history of Hood's Texas Brigade.

passed the cream and cake and pinned white satin badges on the honored soldiers and visitors: Misses Onah Astin, Clara Astin, Gertrude Sims, Priscilla Sims, Madeline Williams, Neville Higgs, Dorothy Doane and Margaret Ann Fairman.

Tuesday Evening Entertainment

The evening program under direction of Chairman Oak McKenzie, of the Entertainment Committee of the Chamber of Commerce, was arranged in Main street between the Carnegie Library and Queen and Dixie theater shows. An immense throng greeted the program of the Bryan Concert Band. The children's exercises were in charge of Miss Lola Wilson and all acquitted themselves with credit.

Mr. M. P. H. Dawson sang a solo and was greeted with cheers by the Veterans and responded to the encore with the "Bonnie Blue Flag." Mr. Dawson, captured the crowd. The male quartette, Messrs. J. C. Cloud, John Stockton, Jesse Hensarling and Winifred Carroll sang several old tunes and patriotic airs. These were followed by music by the Concert Band, competitive rag time dances, cake walks and rag time songs by plantation negroes of Brazos county. The entertainment wound up by all the old Veterans participating in a jazz dance amid the shouts and cheers of the multitude. This was one of the pleasant incidents of the annual meeting of Hood's Texas Brigade in its 50th reunion.

All for Their Entertainment

The Entertainment Committee reports that homes have been provided for all the members of the Brigade, and cars have been offered by a sufficient number of people to take care of their needs. Special thanks is due the service car men who so generously tendered their cars free of charge, for use any time day or night in carrying the old veterans to the places provided for them. The picture shows were thrown open to them free of charge by Mr. W. R. Fairman and Mr. Levinson of the Bryan and Central Texas Interurban Railway, had offered a special car for the members of the Brigade to make a trip to College Tuesday afternoon.

Message Sent to Green's Brigade

Miss Katie Daffan, Life Secretary, sent a message to Capt. John G. Rankin, secretary of Green's Brigade, now meeting at Orange in annual reunion giving the old heroes words of good cheer and congratulation.

Miss Ruth Knox was at the piano Wednesday morning and played the accompaniment for Samuel Sherrill, an old Confederate soldier, who rendered "Dixie," "Swanee River," and other old southern melodies to the delight of all. Director Alois Slovacek, of the Bryan Concert Band, rendered appreciated solos. Prayer was offered by the Rev. W. N. Sholl, pastor of the Presbyterian church of Bryan, at the opening of the memorial services in honor of the beloved dead conducted by the Rev. W. E. Copeland, Chaplain. The list of the dead was read by the secretary, Miss Katie Daffan as follows: Capt. J. T. Hunter, of Oakwood; Capt. Jno. W. Drennan of Calvert; Capt. Patton of Jacksonville, all former presidents; R. H. Pinkney of Houston; Henry C. Ivey, of Calvert; Jno. T. Reeves, of Caldwell; R. R. Birdwell, Smith County; Jno. Duren of Corsicana; J. E. Fridge of Austin and Mrs. Minnie Hunter Gorman, daughter of J. T. Hunter.

A message of regret was received by the Eagle from Col. F. B. Chilton, of Houston, a former president, who said he was unable to attend the present Reunion but desired to have the Eagle to complete the history of the famous Brigade. Col. Chilton has published a book covering the history of the dauntless Brigade from 1861 to the close of the war in 1865 at Appomattox.

Mary and John Beers, daughter and son of Mr. and Mrs. J. B. Beers, grand niece and grand nephew of General Braxton Bragg of the Confederacy was introduced to the members of the reunion. And Major W. R. Cavitt spoke a few words of commendation for the meeting and how glad he was Bryan was chosen for the fourth consecutive time for the annual reunion.

Mrs. J. Webb Howell sang, "Tenting on the Old Camp Ground To-night," followed by "God Be With You Till We Meet Again," in which all joined in singing, closing the sessions of the Reunion for 1921 and general handshaking and goodbyes followed the singing of the hymn.

DEATH OF CONFEDERATE SOLDIER WHO BURIED THE "TWIN SISTERS"

(Special to Bryan Eagle) Dallas, Texas, June 29.—When death sealed the lips of Dr. Henry North Graves of Dallas Tuesday morning the last hope of patriotic Texans to recover the "Twin Sisters," two cannon, relics of the Texas Republic and later of the civil war, was abandoned. The last survivor of the group of five men who buried the relics during the civil war, that they might not fall into the hands of Federal troops and be turned against the sons of those who had cherished them for the part they played in gaining Texas' independence, breathed his last Tuesday morning at 8:30 o'clock without designating the place where the cannon were buried. Mr. Graves died at the home of his daughter, Mrs. J. N. Bigbee, 409 North Haskell avenue.

The "Twin Sisters" gifts to the Texas Republic by a woman's society of Cincinnati, O., were buried in the vicinity of Harrisburg, Texas, during the latter days of the civil war. They played an important part in the early history of the Texas Republic and were used by General Sam Houston against the Mexican president and General Santa Anna. During the Civil War the Twin Sisters were in possession of a party of 72 men who garrisoned Galveston Island. Hard-pressed by the Yankees, Dr. Graves with three other soldiers and a negro slipped them from the garrison during the dead of the night and carried them to the vicinity of Harrisburg where they were buried in a field. Dr. Graves was the last survivor of the party.

Born in Plains Hill, Tenn., July 20, 1816, Dr. Graves moved to Texas in 1860, settling near Gonzales. He was the son of Rev. and Mrs. H. A. Graves. His father, a Methodist minister in Tennessee. At the outbreak of the Civil War Dr. Graves joined the Confederate forces and served as a dispatch rider in Forest's Cavalry until detailed with 71 other men to garrison Galveston Island. He was discharged from the Confederate army immediately after the surrender of Lee at Appomattox court house. He served in Col. Mann's regiment, also, in a company organized in Dallas county and commanded by Captain Cunningham.

Dr. Graves was married to Miss Susan Davidson December 2, 1869, and studied medicine and afterward practiced at Gonzales, Seguin and Georgetown. He was considered one of the best authorities in the state of antitoxins and traveled over Texas, Louisiana and Arkansas where he taught serum-therapy. Three children were born to the union of Dr. Graves and his wife, who was a sister of the late Judge W. L. Davidson, of Austin. The children are Mrs. J. N. Bigbee, of Dallas; Miss Fannie Graves, also of Dallas; and Harry Graves, of Georgetown. All survive him. He is also survived by one brother, J. W. Graves of Houston, and one nephew, Judge A. Graves, Austin. Dr. Graves came to Dallas five years ago from Georgetown.

(Special to the Eagle) College Station, Texas, June 29.—President W. B. Bizzell on his return from Austin where he conferred with Governor Pat M. Neff Monday regarding appropriations for the A. & M. College intimated that he was satisfied in the attitude of Governor Neff.

President Bizzell said the conference was the result of Governor Neff's well defined policy to get expressions of opinion with reference to legislative action, and on this occasion he sought the opinion of himself and the other heads of state educational institutions with reference to emergency educational legislation. Dr. Bizzell said the governor made the statement that only matters involving real emergencies should have consideration at the special session. Respecting the attitude of the school heads he said those who attended the conference were especially concerned about adequate appropriations for public schools and the state institutions of higher learning.

The paper proved to be a letter bearing the signature of the Ku Klux Klan. The package of bills contained \$100, a donation to the support of the home. The letter, of which there were four copies, contained instructions to the matron to present a copy each to the three daily newspapers in San Antonio. It contain a warning to evil-doers of all races and a promise of protection and aid to the innocent and weak and the hope "that our work may eventually result in the coming of a day when the orphans' home of the south will only be a matter of history."

Chicago and Galveston are both considering another "clean up." In the meantime stay out of the cities.

If Bryan can build a home each month during the coming years it will aid greatly in building an enduring town. Home building is the greatest improvement that can be made for all other good things follow the home.

A Hearne subscriber writes the Eagle and asks: "Do you know if there are such things as a K. K. K. K. in Hearne?" Bless your soul we know nothing of a K. K. K. K. in Hearne. If you will be good you will be happy.

Kind words produce their own image in men's souls, and a beautiful image it is. They soothe and quiet and comfort the hearer. They shame him out of his sour, morose, unkind feelings. We have not yet begun to use kind words in such abundance as they ought to be used.—Pascal.

The Bryan Building and Loan Association is gaining a state-wide reputation. Huntsville and Cameron are calling for Secretary Eberstadt to come to their towns and explain its workings. Navasota and Thordale are also deeply interested in the question of how to build more homes.

A year ago the Eagle suggested to Houston, Galveston, Ft. Worth, Dallas and San Antonio that they should clean up. Dallas seems to be resisting yet and Galveston needs a shower of fire and brimstone to purify the atmosphere. Crime has decreased in Houston and it is said it may decrease soon in Ft. Worth and San Antonio. So mote it be.

The Navasota Examiner-Review is probably the best printed newspaper that comes to the Eagle exchange desk. It is well edited and has a fine business patronage. The three banks and nearly every business man in Navasota are regular advertisers. The Eagle congratulates Editor Blackshear on his success and he is enabled to do a good deal of public work. He is mayor of the town.

The Bryan Eagle is backing every laudable enterprise and institution in Bryan and Brazos County that has for its purpose the general good. It will back and support every citizen who is able to do something in the crises that is now confronting some of our greatest institutions. All should be loyally patriotic in the support of those who are willing to do public work at this time. It takes a united effort now to accomplish any permanent good.

HEARNE IS AFTER PROFESSIONAL GRAFTERS.

Hearne, June 27. — Professional beggars and fake solicitors would just as well pass Hearne by. The Chamber of Commerce has been requested to act as a central agency for the distribution of charity to those found worthy after investigation. Every business house displays a placard bearing the inscription: "We contribute to charity through the Chamber of Commerce. See the secretary."

SENATOR DOYLE'S VIEWS.

Judge W. E. Doyle of Teague came in last week to visit his brother, Capt. J. H. Doyle. Since being elected by his friends and neighbors to serve in the state Senate, Judge Doyle tells us he will go to Austin to work with those who believe in cutting down expenses and cutting out useless offices, at the same time standing squarely with Gov. Neff for law enforcement. He will represent Robertson, Freestone, Limestone and Brazos counties in the called session of the 37th Legislature which meets July 18.—Granbury News.

The Navasota Examiner Review says: "Navasota, not to be outdone by Houston and other contiguous points, has produced a real axman. It is the first time we have experienced this sensation and we trust the last time. The wielder of the axe will probably be much wiser in the doings of another world if his pursuers ever get up with him. The grand jury is already in session and it ought not take more than a few minutes to attend to such a case." As soon as the axman attempted the brutal murder in the night-time of two citizens of Navasota he fled to Brazos County and a pose has been after him for four days. Some of our alleged reformers and great newspapers would accomplish more real good if they would advocate the same doctrine as given out by the Examiner-Review instead of standing idly by and weeping and wailing over the probable treatment of a murderous brute who entered the home of man and woman while they slept and attempted their murder. It is deplorable that we have in Texas (and in New York) those who aspire to nothing except to encourage criminals to do their disloyalty deeds and aspire to the presidency of the Sob-Sisters Association.

DISARMAMENT.

"Judge Barry Miller of Dallas told the Texas legislature in Austin recently that he wanted the tax on six-shooters repealed, so that every citizen of the metropolis could buy a gun to protect himself at home, on the streets and highways. And yet the Dallas newspapers tell us that the town is a fit place where even angels can live in peace. Judge Miller made lots of people believe his story."—Bryan Eagle.

Judge Miller evidently has no sympathy with national disarmament if he thinks personal armament is desirable. The logic of one situation is logical for the other. If Texans should go armed to the teeth and quick on the trigger, so should other Americans. And if our citizens should go laden with artillery, so should our nation. Ergo, if our nation should go armed and challenging, so should Japan and Britain and France and the rest of them. The cold truth is that the will for war lies embedded in the individual rather than the nation. Our countless personal feuds are but microscopic counterparts of our international wars. The man who wants to tote a pistol in his pocket certainly wishes that his beloved country go heeled with throngs of dreadnoughts and multitude of soldiers. If State Press were the league of nations he would disarm everybody. He would imprison for life any manufacturer who made a pistol or a cartridge. He would jail any manufacturer who made a gun with a barrel less than ten feet long. He would drown in midsea any king, congress or parliament who or which appropriated more than a million dollars a year to an army or navy. He would hang by the neck for the sustenance of the crows any man who murdered another man or robbed another man by force of arms. Probably S. P. will never become a universal dictator, but he promises that if he ever does he will be a humdinger, and the people in their gratitude will call him cute.—Dallas-Galveston News.

When Judge Miller was pleading for the armed citizenship in Dallas he said that the chief of police advised that everybody hide their jewels, money and silverware, get a gun and go down town to fight the highwaymen. Some three to five thousand loafers were in Dallas and that meant much crime. The Eagle suggests that perhaps the best way to meet the present crime wave in the cities is to remain out in God's great open country far from those who are making life so hazzardous in the cities at present.

Some of the Dallas newspapers are too busily engaged in denouncing what they term the "crimes" of the K. K. K. K. and calling them the "mob" and are very silent on the crimes being committed by the hordes of criminals now infesting Dallas. The Eagle knows nothing of the K. K. K. K. in Dallas or its work nor does it speak for it but there is too much weeping over its work in Dallas and not enough punishment for the crimes of the organized thieves, highwaymen, gamblers, bootleggers, wife beaters and race-lovers. There is something radically wrong in Dallas but of course the Eagle doesn't know the remedy—but there is a remedy and it is not weeping and wailing over the criminal element.

Editor Blackshear, of the Navasota Examiner-Review says: "Every county ought to own at least one pair of blood hounds. Had a couple of these dogs been turned loose this morning it would have been a simple matter to track the attempted slayer of two of Navasota's foreign population. Tracks were plain and easily followed by human eyes to a given point and then lost. To a trained dog it would have been easy work to continue the quest. The commissioners would do well to think seriously of procuring at least two blood hounds, in our opinion." This is much better doctrine than the stuff being put out by the sob-sisters (certain newspapers and molly coddle politicians) abusing the people everytime a heinous crime is committed and punishment is meted out to the guilty parties. A great many newspapers are spending too much time sobbing over the fate of the criminals and not enough in denouncing the awful crimes they commit against manhood, the country and the law.

CO-OPERATION ALWAYS WINS.

Hon. A. D. Rogers, of McAllen who made the principal address of welcome to the Texas Press Association meeting in the Magic Valley made the following remarkable statement: "The main reason the Magic Valley has prospered is because we have stood by the men and the interests who were able to put things over in the Valley. Hence old Hidalgo County in ten years has increased her population from 12,000 to 38,000, and her taxable values from \$2,000,000 to \$30,000,000." It is a good idea for this advice to be followed everywhere and community interests built up and made great.—Bryan Eagle.

Yes, the spirit of co-operation was felt by all the 300 or more press folks who beheld the beauties and wondrous growth of that California of Texas known as the Magic Valley of our state. The narrow, petty jealousies between individuals and towns was not made manifest but the boost one boost all attitude was evidenced by McAllen people taking their autos and carrying their guests to every near by town possible to reach in the time we had to spare from convention hours. Nothing speaks in more alluring, fascinating terms than co-operation, loyalty and support of the men and interests financially, and otherwise, able to build a town and develop the surrounding territory. The city or town peopled by such citizenry speaks for itself—like woman, they need no eulogy.—Mrs. W. E. Cooke in Victoria Post.

SANDERS GIVEN DEATH PENALTY AT CALDWELL

Judge Alexander at Caldwell Sentences Sanders to Death on the Gallows on July 27—Only a Few Minutes Consumed in the Trial—Miss Ella Richardson, the Victim, in Bryan Hospital.

(By Associated Press)
Caldwell, June 27.—Charlie Sanders, negro, charged with the murder of S. W. Richardson on the latter's farm, found guilty by the jury here today was given death penalty. Judge Alexander set July 27, 1921, for execution. The prosecution will not introduce second indictment charging assault on Richardson's daughter who now is in a hospital at Bryan in a critical condition. Defense offered no testimony and the trial was concluded in two hours from 9 to 11 o'clock, the jury agreeing on the death penalty in about 5 minutes.

PRECAUTIONS WERE TAKEN AT TRIAL.

Alleged negro attacked the girl after he had killed her father, S. W. Richardson of Cook's Point. The father was killed with a heavy timber. The girl was knocked down and outraged. THOMAS, NAVASOTA AXMAN, IS CAPTURED

(Special to Houston Post.)
Navasota, Texas, June 27.—Jim Thomas, aged 21, negro, who is alleged Thursday morning attacked A. Isenberg and his son-in-law, Ben Silverstein, in his home at Navasota, was captured about 9 o'clock Saturday night by Deputy Sheriff Oscar Coe. The negro was caught about nine miles southeast of Navasota, where the I. & G. N. and the Santa Fe railroads cross each other. Deputy Coe said a negro woman informed him Saturday night that the negro had passed through Navasota and was making his way toward the point where he was apprehended. He said that the negro told him that he was down in the river bottom and that the water was too high, and he made his break for freedom and passed through Navasota.

Thomas Admits Crime.

According to Deputy Coe the negro admitted his crime and implicated several other negroes. They had not been captured late Saturday night. The negro told officers that he and the other negroes were in the Isenberg house all night. He said that they were locked in when the people retired. The house is a two-story structure and the family sleeps upstairs, according to information, and the negroes were hiding downstairs, waiting for the family to go to sleep, and while they were waiting the negroes went to sleep and didn't wake up until nearly 4 o'clock in the morning. According to the negro's confession, their purpose was to rob the house and then divide the spoils among them. The negro said the reason that he was barefooted was because he had a pair of new shoes on when they entered the house and that while waiting for the people to go to sleep, he pulled his shoes off because they hurt his feet. From what could be learned the negro Thomas lived with his father on a farm owned by John D. Rogers, several miles from the town of Navasota. The farm is known as the Aden farm and is in Brazos County.

Thomas' Motive Was Robbery.

The negroes, according to officers, did not get anything when they attempted the robbery of the house. It is said that they were frightened away when Isenberg awoke. Thomas, when he saw that Isenberg was awake, attacked him with an ax, he, too, was attacked by the negro. Mr. Isenberg is in Houston in a hospital, where he went for treatment. His son-in-law, Ben Silverstein, is still in Navasota, in a hospital.

RECEIVES DOCTOR OF PHILOSOPHY DEGREE

(Star-Telegram Special)

Austin, Texas, June 27.—Dr. B. Youngblood, director of the Texas agricultural experiment station, who has received from the University of Wisconsin the degree of Doctor of Philosophy, is a graduate of the Texas Agriculture and Mechanical College. After graduating he became superintendent of the Smith ranch of 2,500 acres near Sherman. In 1907 he received the degree of master of science at the A. and M. College. Coming to the College in 1911 as director of the experiment station, Youngblood at the first opportunity organized the division of farm management, but owing to a lack of general appreciation of its importance, the work could not be put on foot promptly. A little later this division was reorganized under the name of farm and ranch economics.

The summer of 1918 was the first time during eight years as director that Youngblood felt that he could afford to take a vacation. He went to the University of Wisconsin, where he took courses in agricultural economics.

GENERAL STODDARD IS EIGHTY-ONE YEARS YOUNG ON JUNE 22

General Henry Bates Stoddard celebrated his 81st birthday on June 22, 1921. He was born in New York state on June 22, 1840, the longest day in the year and came to Texas, entering in the Confederate army at McKinney, Collin county, in 1861, in the 13th Regiment with Capt. Thos. J. Brown, commanding. Captain Brown was elected to the Texas legislature and General Stoddard succeeded him as captain of his company. Capt. Brown died a few years ago and was serving as the Chief Justice of the Supreme Court of Texas at the time of his death. When the war was over General Stoddard returned to Texas and ate breakfast at Millican on July 3, 1865, then the terminus of the H. & T. C. railroad and the principle trading point in this section. On July 4, General Stoddard ate dinner at the Seale homestead and declared that it was a great dinner hugely enjoyed with the family of Sam Seale, a pioneer. On June 22, General Stoddard received Masonic messages from Galveston, New York and other parts of the United States in commemoration of his distinguished service at the head of the Grand Commandery of the United States. General Stoddard has lived in Brazos county for fifty-six years and he says there is not a man living that served in his immediate company in the war between the states, of which he was captain. This fifty years time has brought wonderful changes in the development of our great country.

SEN. FLOYD LEARNED HE WAS GOVERNOR THROUGH THE EAGLE

The editor of the Eagle is in receipt of a letter from our friend, Senator Chas. R. Floyd, of Red River county, who was governor of Texas a few hours on June 10th and was not aware of the fact. Under date of Annona, Texas, June 24, 1921, Senator Floyd who is president pro tempore of the State Senate, says: "I received a copy of your paper, the Bryan Eagle, in which appeared the item relative to my having been raised to the exalted position of Acting Governor for a few hours a few days ago. I want to thank you for sending me the paper for it brought me the first intelligence of the new honor. Northeast Texas has been flooded during the week which has damaged crops greatly. Our farmers are blue and despondent over the crop outlook. Guess I will see you in Austin during the summer session of the legislature." The fact of the matter is when we saw Gov. Neff cross the frontier and go into Mexico and knew that Lieutenant Governor Lynch Davidson was out of the state we knew Charley would be governor of Texas at least five hours. But we understand Senator Floyd did not know it and like Cincinnati of old continued to plow his row.

Miss Richardson now stands a chance for recovery without any complications, due to the successful operation at the Bryan Hospital. The trial of Sanders is set for next Monday at Caldwell before Judge Alexander. The people of Burleson and Brazos counties deeply sympathize with the Richardson family in their great grief.

FAVORS FARM BUREAU IN BRAZOS COUNTY

(By A. W. Buchanan)

That was a remarkable movement on the part of that half a hundred earnest farmers, on Saturday afternoon of the 18th of June, when they adjourned their Farm Bureau meeting at the court house and went in a body to interview the management of the three Bryan banks to ascertain if they, (the farmers of Brazos county) could depend on the Bryan banks to co-operate with and assist the Federal Reserve Banks in financing the million bale cotton pool that is now being put over by the Farm Bureau of Texas. We are told that the banks gave these men a patient and courteous hearing, and promised them to give the plan all the co-operation and assistance possible in marketing their cotton in the great pool. It is said that farmers went away very much gratified at the attitude of the banks.

Now the reason this was a remarkable movement, it was a brand new thing like it ever seen in Bryan before. The writer was on the streets at the time, and to say the least of it, there was quite a "commotion in town." Inquiries flew thick and fast, as to what it meant. Some thought K. K. K., others thought a bank robbery was in progress, but as soon as these curious ones were told that it was only a few of the members of the Farm Bureau on a friendly and peaceful business mission with the three banks, everything quieted down, and in a few minutes the "great majority" of their thoughtless ways. But to the writer and perhaps a few other sober ones it was not so. Their minds were filled with thoughts. Some of them ran like this:

"It is true that there were only a few of them, compared with the many, but they were intensely earnest." "Who knows what it all means?" "Might it not mean the beginning of the end of the present nefarious system of marketing farm products, especially in the South?" "Might it not mean a new agriculture for the Southern farmer?" "Might it not mean a new era and a complete change for the better of rural conditions in the South?" "Finally, might it not mean the final emancipation of the down-trodden of this earth?" "Let us repeat the question: 'Who knows?'"

Some may answer these questions by saying, "No! Your movement can and will never bring about these conditions or it is not strong enough."

I grant that this movement will never bring about these conditions as long as it is no stronger than it is now. But relying on the old saying for comfort, "all great movements had, and of necessity, must have small beginnings." There is no argument why this movement should not grow larger and stronger.

Then that carries us to this thought: Suppose that instead of there being only fifty Brazos county farmers in that company that afternoon there had been as many as one-third of all the farmers in the county? The impression that they would have made on the general public would have been much more favorable, and the attention they would have received would have been more marked. Let us go a little farther, and suppose fully half the farmers in the county had been there, and then imagine the difference in the attitude of the public toward them? Then go still farther and suppose a large majority of all the farmers of the county had been in that meeting all ready to sign that cotton contract or to transact any other business that might have been of advantage to them. What attitude does one suppose the business men of Bryan would have held toward such a meeting? Instead of them having to go in a body to find out how the banks stood on the question, they would have hunted that meeting up in a body and been clamorous for a chance to tell the farmers how anxious they were to co-operate in this great movement in helping the farmers to help themselves. This would be business. This would mean success. Why the farmers of Brazos county do not to a man join the Farm Bureau and sign this cotton contract and go at their own business in a business way is beyond me.

ALL QUIET IN CALDWELL.

News was received in Bryan by Allen Smith over the telephone that when Judge Alexander at Caldwell gave notice that Charles Sanders, the assassin and murderer, would be tried, convicted and hanged without delay the people of Burleson county at Caldwell accepted the statement and all was quiet. Sanders was tried and convicted in two hours and was to be executed in thirty days as the law directs. There did not seem to be anybody in favor of the suspended sentence at Caldwell today and the verdict speaks well for the entire citizenship.

HEROES OF HOODS' TEXAS BRIGADE ARE IN REUNION

Fiftieth Annual Reunion Called to Order in Bryan—Capt. Walsh, of Austin, President, and Miss Daffan, of Houston, Life Secretary—Are Being Given Royal Welcome by Citizenship.

In 1890 Secretary Branard, of Hood's Texas Brigade said: "Of the many names around which cluster thrilling memories, none stood sublimer in the military history of the Confederate war than that of John Bell Hood. Born in Bath county, Kentucky, on the 29th of June, 1831, at a period when brave men were pushing the civilization of older parts of the Union into a frontier state, he soon acquired those sturdy, self-reliant traits that so distinguished him as a soldier in that fierce conflict for States rights."

HOOD'S TEXAS BRIGADE ASSEMBLES.

The surviving heroes of Hood's Texas Brigade, the flower of the Confederate army, who fought in the battles of Yorktown, Eatons Landing, Seven Pines, Gaines Mill, Malvern Hill, Freeman's Ford, Inverness, Second Manassas, Sharpsburg, Fredericksburg, Siege of Suffolk, Gettysburg, Chickamauga, Siege of Knoxville, the Wilderness, Spottsylvania, Cold Harbor, Bermuda Hundred front, White Oak Swamp, Chancellorsville, Darbytown Road and Appomattox. They fought with Jackson, Lee and Hood in nearly all the great conflicts of the war and were in council at Appomattox. No braver, truer or nobler men ever lived or died than Hood's Brigade!

Promptly at 10 o'clock Tuesday morning at the Carnegie Hall General Henry Bates Stoddard called the 50th Reunion of Hood's Texas Brigade which was the third successive meeting in Bryan making the sixth meeting held here and the sentiment expressed was for the old "Heroes of the South" to make this the permanent reunion place for all time. Rev. C. H. Willis, pastor of the Methodist church offered a fervent prayer for the veterans and the cause for which they fought from 1861-5. In behalf of the city of Bryan and the Chamber of Commerce, Mayor Tyler Haswell gave an appropriate address of welcome and introduced Mrs. M. W. Sims, who spoke in eloquent words in behalf of the L. S. Ross Chapter U. D. C. of Bryan. Judge W. C. Davis, of Bryan, extended a welcome to the old soldiers and paid a tribute to the cause for which they fought and for their sacrifices under the banner of the Confederacy as they followed Lee, Jackson, Hood and the other immortals. Chairman Oak McKenzie, of the Entertainment Committee, made an address of appreciation and welcome.

General Stoddard introduced Capt. W. C. Walsh, president of the Hood's Texas Brigade who took charge of the meeting, and Capt. J. C. Roberts, vice president of the Brigade, made a feeling and patriotic response to the words of welcome. Capt. Walsh said that the old soldiers were indeed glad to come to Bryan again. Capt. Walsh introduced Mr. Lee J. Rountree, of Bryan, who spoke briefly on the history and traditions of the flags and sentiments of the Southern Confederacy. Appropriate remarks were made by Mrs. W. H. Cole, president of the Bryan U. D. C., Mr. John A. Moore, Jr., who was chairman of the Entertainment Committee in 1920, and Secretary S. E. Eberstadt of the Chamber of Commerce.

Miss Katie Daffan, of Houston, the Life Secretary, made the announcements and read numerous letters and telegrams from absent members. Miss Daffan has given her time and efforts to keeping the Brigade business in splendid shape and deserves honor and commendation. Miss Daffan said that it was a genuine pleasure for Hood's Brigade to come home—to Bryan, where its members were loved and history cherished. There are about eighty members of the Brigade living and more than twenty are in attendance at the Reunion. The organization of the Brigade was formed at Houston on May 24, 1872, and the following officers were elected: Col. C. M. Winkler, of Corsicana, president; Gen. J. B. Robertson, of Waco, vice-president, and Major J. H. Littlefield, of Bryan, secretary and treasurer.

Just before adjournment President Walsh called for Master Jack and Miss Dorothy Doane, children of Mrs. J. S. Doane, who were introduced as the grand nephew and grand niece of General John B. Hood and they were applauded.

Several cornet solos were rendered by Mr. Alois Slovacek, director of the Bryan band.

MISS JEWEL MATHIS WINS BRYAN WOMAN'S CLUB SCHOLARSHIP

The committee appointed to award the Free Scholarship at the College of Industrial Arts for the term of 1921-22, which was offered by the Woman's Club of Bryan, Texas, to the Brazos County girl, over fifteen years of age, making the greatest number of points out of a possible 500 in certain work outlined in the contest, after careful and mature deliberation, announces that Miss Jewel Mathis of Steep Hollow, is entitled to the scholarship, having made 450 points out of the possible 500 while the second prize was won by Miss Jewell Broach of Tabor, who made 225 points out of a possible 500. This prize is a free scholarship to the Summer Short Course at the A. and M. College.

Miss Mathis started out by planting a bed of cabbage and tomatoes and posted a sign reading, "These Plants Are for Sale." With the money thus secured also the money received from assisting her mother with the dairy work, she bought paper and papered the living room with the assistance of another member of the family. She then stained the floor and stenciled unbleached curtains which she hung over the windows after which she made a piano cover to match, then gathered up the old rags around the place which she dyed and used to make homemade rugs. The shades were turned and made to look like new. She next selected some old pieces of lumber and made a medicine cabinet and washstand for her room. These she stained herself.

Miss Mathis was so positive that she would be the successful contestant that she made her school dress according to the requirements of C. I. A., using blue gingham, also other articles which would be used at this school. Thus she scored 20 points in walls papered or tinted; windows—shades or curtains, 20; floors—painted or stained, homemade rugs, 30; furniture—homemade, 20, and general arrangement, 10, or a total of 100 points out of a possible 100 points in home interior.

Outside of the home exterior was made completely white, that is the fence posts, window boxes, etc. She made window boxes, and painted them, then beautified the porch with hanging baskets which she made and painted and decorated with tree moss from the trees in the woods while ornamental vines were grown in the baskets. The general arrangement and plans of her flower beds were worked out so well that the annuals would follow each other, such old-fashioned flowers being grown as sweet clover, pinks, bachelor buttons, touch-me-nots, petunias, etc. The Home Exterior was her Waterloo so far as making a perfect score was concerned, but through no fault of hers, scoring as follows: Pot plants and boxes, 20; flower beds and vines, 10, and general arrangements and appearances, 20, making a score of 50 out of a possible 100. Windows and doors screened counted 30 points and she could not do this as it had already been attended to, while lawn grass scored 20, which was out of her province under the conditions.

In Child Welfare work she made 100 points and the same was true regarding thrift. In fact it would practically have been impossible for anyone to have made nearer a perfect score under the conditions, and it is with pride that your committee awards the scholarship to so worthy a contestant.

The Judges were Miss Hellen Higgin, Mrs. J. B. Beers, and Mrs. J. L. Brock, and much credit and many thanks are due County Agent C. L. Beason for assistance rendered, as well as the school teachers in each community.

Respectfully submitted: Mrs. W. S. Howell, Chairman, Mrs. J. L. Brock, Mrs. A. Benbow, Mrs. J. B. Beers, Committee.

REV. FRANK ZITO IS IN "SUNNY ITALY"

I hope you and your family are in good health. We are living on the Riviera near Geneva, a spot famed for its beauty. There are many Americans over here. Please give everyone in Bryan our regards. May the Lord bless you and yours. Sincerely, F. ZITO." The picture sent us is quite familiar for one day some eight years ago we rested in the same beautiful spot that appealed to Rev. Zito on his visit to his native land—Sunny Italy.

WOULD GO FROM HOUSE TO HOUSE

"If I were not so busy with my farm work I would go from house to house and tell the people about Tanlac," said A. J. Livingston, a well-known farmer, living near Ashland City, Tenn.

"I had stomach and kidney trouble and suffered torment with my back and side. The doctors could do nothing for me so I wrote to a friend of mine in Nashville about Tanlac and he advised me to try it, saying he had heard so many favorable reports about it and sent me a bottle.

"After taking the first bottle I felt so much better that I ordered another bottle myself and the result is I am a well man. I told a friend of mine about it and ordered a bottle for him and he had good results. I can eat anything I want and it don't hurt me and can sleep like a log. To tell you the truth, I just simply feel like a new man and have more strength and energy than I have had in years. It is simply the grandest medicine in the world. I would like to see all of my friends and get those who are suffering to try it and I hope you will reach them through this testimonial, which I have gladly given."

Tanlac, the celebrated medicine, which accomplished such remarkable results in this man's case, is a wonderful tonic, appetizer and invigorant. It builds up the system, creates a healthy appetite, promotes digestion and assimilation of the food and makes you feel strong, sturdy and well as nature intended. Tanlac is sold in Bryan by M. A. Stewart, druggist and all leading druggists. (adv.)

HOOD'S TEXAS BRIGADE WELCOME!

Heroes of the South—welcome! The surviving members of the immortal Hood's Texas Brigade in the war between the States are arriving in Bryan for their 50th annual reunion having organized in Houston in 1872 by Gen. Jno. B. Hood. The first officers elected were Col. C. M. Winkler, president; General J. B. Robertson, vice-president and Major J. H. Littlefield, secretary and treasurer. Through the years the ranks have been growing thinner and now but a few of the grizzled heroes are left to grasp hands as in days of yore and soon all will be gone to meet Stonewall Jackson, Robert E. Lee, John B. Hood and our heroic dead of the past sixty years. And when they come within the gates of Bryan we can but recall the words of Rudyard Kipling: "O, God of nations be with us yet—Lest we forget, lest we forget." Hood's Texas Brigade comes to Bryan for the third consecutive annual meeting and tomorrow we shall greet them at least once more in memory of the great struggle of all the ages when 600,000 met more than 2,500,000 on the martial fields of battle—and living the Confederate soldier is an inspiration—dead he is immortal! At Yorktown, Seven Pines, Gaines Mill, Malvern Hill, Second Battle of Manassas, Sharpsburg, Gettysburg, Chikamauga, in the Wilderness and Appomattox and the other fields of battle no braver deeds were ever recorded in the world's history than those of Hood's Texas Brigade. In a few short days these heroes will all be gone from earth to wear the crown of eternal life. It behooves us today to give them our service and benediction: For the generations they gave their precious blood and their noble lives. Of these glorious heroes General Robert E. Lee said at Darby Farm Road: "Hood's Texas Brigade is always ready!" General Lee again said in the Wilderness: "Their ragged clothes make no difference, the enemy never see their backs." Stonewall Jackson said at Gaines Mill: "Hood's Brigade are the soldiers that carried these works." President Jefferson Davis said: "Hood's Texas Brigade shall retain its original formation as long as there is a man to wave its flag." General Robert E. Lee again said to the Secretary of War: "No brigade has done nobler service or gained more honor for its state than Hood's Texas Brigade." General Stephan D. Lee in his report to the War Department said: "I saw Hood's Texas Brigade pierce the Federal lines at Gaines Mill; I saw their magnificent charge at Second Manassas. In the Wilderness and at Gettysburg they met the enemy with honor and courage. I witnessed the glory of the Brigade won at Sharpsburg; I saw them go in the second time; I saw them almost annihilated by overwhelming numbers; I saw them broken and threatened yet giving the rebel yell of defiance. They were under my eyes all the time."

The remaining heroes of Hood's Brigade are in Bryan today as our guests and we give them welcome deep and abiding and pray God's richest blessings on each and every one within our gates!

JERSEY CATTLE CLUB ENDORSES BANKER- FARMER SPECIAL

(Special to the Eagle.) College Station, Texas, June 29.—The Texas Jersey Cattle Club has endorsed the Texas Banker-Farmer special, on which bankers and farmers and others interested in diversification and livestock raising will tour the corn belt and the far western states the latter part of July, and the club has voted to send a committee of one or more members as official representatives. College of Texas who will be in charge of the special, on his return from Fort Worth where he attended the summer meeting of the club held there.

ENDORSES GOV. NEFF.

(Waco News-Tribune.) Governor Neff has scored marked terrorism in Texas; he has struck directly at mob rule and incidentally at the so-called Ku Klux Klan. In this we are with the chief executive of the state. No body of men save one constitutionally assembled with the sacred power of the law, has a right to exercise authority over any individual's freedom or to take life.

We have written statutes; we have duly qualified officers; we have courts of justice. Let offenders be punished through the same and safeguarded channel and by no other means.

Perhaps there is some man unworthy of the community in which he lives, but no band of citizens has a right to march him out at midnight and tell him he must leave. That is terrorism, even if the victim is the lowest of human characters. But always there is the chance that the mob has been misinformed; that is wrong—an innocent creature.

If there are not laws enough now in existence, prevail upon the legislature to enact additional ones; if the courts are too slow speed them up; if officials have become careless and inactive elect more efficient and honest ones. But in the name of civilization and the majesty of the great government you pretend to love, do not resort to anarchy.

No mob is justifiable in handling any human being, at least until it has been shown that he cannot be made to atone for his offense by a legal procedure. Masked bands of men going about at night pretending to mete out justice are not to be tolerated in this state, and we believe that Governor Neff can depend on the best citizenship standing back of him when he says that he will not allow it.

Plenty of good Barbecue, Cakes, Pickles, Bread at Shiloh—Barbecue.

PRESENT DIRECTOR YOUNGBLOOD WITH A SILVER SERVICE

(By A. D. Jackson)

At an informal gathering in the Research Administration Building at College Station, Monday, members of the Experiment Station Staff and their assistants presented to Director Youngblood a beautiful silver service as a token of their personal esteem.

A short speech of presentation was made in which appreciation was expressed for having the best Director of the most important State Experiment Station system in the land, and one who by perseverance is occupying the most advanced ground in not only his own personal attainments but in the work of his department. Congratulations were extended for his merited recognition by one of the great colleges of the land. Mr. Youngblood was informed that this token was being tendered, more as an expression of high personal regard than as a laurel wreath for a brilliant feat, and that it was not intended as a graduation present. The Director responded with a feeling address to his co-workers in which he pointed out the opportunities now presented for taking advanced ground in the work of the Experiment Station. His hearers were thrilled with his outburst of vigorous action now to follow the tedious and difficult labor that has marked the work of the Station during his ten years as director. He pleasantly chided his listeners for not having given him enough notice to prepare a fitting speech of acceptance. His address was characteristic in its optimism and clearly indicated that he intends to lead his forces even into uncharted paths that the problems of Texas farmers shall be soundly solved.

Mr. Youngblood, who had just returned from Madison where he received the degree of Doctor of Philosophy last week, was called into the conference room where his friends had gathered without his knowledge, and was surprised to find the assembly and that it included Mrs. Youngblood who had been enlightened as to the purpose of the meeting.
